Some students do go through the university and fail, and others do go through college and fail. It just can be unfortunate if you are not in the right track. The reason college isn't like that is you have a pretty good chance of getting into a good school if you get a gpa around 2.5-3.0. If you do that, you have a pretty good shot. SAVE Austin, a group that fights “domestic terrorism,” was among the groups who had planned to protest the “Feminism is White Genocide” conference. SAVE Austin obtained and distributed credentials for the conference, but according to them, police made the group shut down the event before conference began. According to an audio recording obtained by Breitbart Texas, an officer from the South Austin Resource Center can be heard telling the group: So your group was on site for Feminism is White Genocide. We told you it was going to be shut down, so I don’t know what you guys are doing here but you’re going to have to disperse or we’re going to shut it down. Those in attendance tried to protest to the officers that they were just there to protest, the audio recording revealed, but the officers weren’t interested in hearing their side of the story. The audio recording also revealed the officers continuing to try to have the conference shut down, calling it a violation of the city’s ordinances. However, according to the city of Austin’s website, the permits that the group was planning to use to protest at the event said the event was a “FREE EVENT.” A registered non-profit, Advocacy Inc, which is the official sponsor of the “Feminism is White Genocide” conference, told Breitbart Texas that it is a registered charity. While a criminal investigation was being launched, SAVE Austin announced that the organization was shutting down. In a statement released on Facebook, the organization said: 1cdb36666d
